The Home Support Program provides services through volunteers enhancing the ability of elderly people and disabled adults to remain in their own home support in caring communities. The Adult Day Program provides social recreational programming in a group setting to frail elderly, adults with dementia and/or physical limitations. It also provides caregiver relief to informal caregivers who are at risk of caregiver burnout and also decreases the risk of inappropriate or premature admission to a long term care facility for the receiver of care. COPE Mental Health is a unique community-based program that provides individual and group support to adults living with mental health concerns through the use of trained volunteers and staff. The goal is to assist clients to remain in their community, function as effectively as possible, and maximize their quality of life.
